SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Cressanda Solutions Limited
312A, Embassy Centre, Nariman Point,
Mumbai, Maharashtra, 400021.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good Corporate Governance practices by **Cressanda Solutions Limited** (hereinafter called "**the Company**") for the financial year from April 01, 2021 to March 31, 2022 (hereinafter referred to as "the Audit Period"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed during the Audit Period and other records made available to us and maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- i. The Companies Act, 2013 ("the Act") and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations (as amended from time to time) and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (till 12th August, 2021) and The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (w.e.f. 13th August, 2021);
 - (e) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993;
 - (f) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (h) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (till 15th August, 2021) and the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (w.e.f. 16th August, 2021);
 - (i) The Securities and Exchange Board of India (Buy-Back of Securities) Regulations, 2018;
- vi. We, in consultation with the Company came to a conclusion that no specific laws were directly applicable with regard to business activities of the Company during the period under review.

We have also examined compliance by the Company with the applicable clauses of:

- (a) Secretarial Standards issued by the Institute of Company Secretaries of India under the provisions of Companies Act, 2013;
- (b) The Listing Agreements entered into by the Company with Bombay Stock Exchange Limited.

Based on the above said information provided by the Company, we report that during the financial year under report, the Company has substantially complied with the provisions of the above-mentioned Act/s including the applicable provisions of the Companies Act, 2013 and Rules, Regulations, Guidelines, Standards, etc. mentioned above and we have no material observation of instances of non-compliance in respect of the same.

CORPORATE GOVERNANCE REPORT

1. Company's philosophy

The Company firmly believes in and has consistently practiced good corporate governance. The Company's essential character is shaped by the values of transparency, professionalism and accountability. The Company will endeavor to improve on these aspects on an ongoing basis.

2. Boardroom practices

a. Chairman

In line with the highest global standards of corporate governance, the Board has separated the Chairman's role from that of an executive in managing day-to-day business affairs.

b. Board Charter

The Company has a comprehensive charter, which sets out clear and transparent guidelines on matters relating to the composition of the Board, the scope and function of the Board and its Committees, etc.

c. Board Committees

Pursuant to the provisions of the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board had constituted the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.

d. Selection of Independent Directors

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field / profession, and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee, for appointment, as Independent Directors on the Board. The Committee, inter alia, considers qualification, positive attributes, area of expertise, their independence and number of directorships and memberships held in various committees of other companies by such persons. The Board considers the Committee's recommendation, and takes appropriate decision.

Every Independent Director, at the first meeting of the Board in which she / he participates as a Director and thereafter at the first meeting of the Board in every financial year or whenever there is any change in the circumstances which may affect her / his status as an Independent Director, provides a declaration that she / he meets with the criteria of independence as provided under law.

e. Tenure of Independent Directors

Tenure of independent directors on the Board of the Company shall not exceed the time period as per provisions of the Act and the Listing Regulations, as amended, from time to time.

f. Independent director's interaction with stakeholders

Members of the Stakeholders Relationship Committee interact with stakeholders on their suggestions and queries, if any, which are forwarded to the Company Secretary.

g. Familiarisation of board members

The Board members are periodically given formal orientation and training with respect to the

Company's vision, strategic direction, core values including ethics, corporate governance practices, financial matters and business operations. The Directors are facilitated to get familiar with the Company's functions at the operational levels. Periodic presentations are made at the Board and Committee Meetings, on business and performance updates of the Company, business strategy and risks involved. The Board members are also provided with the necessary documents, reports and internal policies to enable them to familiarise with the Company's procedures and practices.

Periodic updates for members are also given out on relevant statutory changes and on important issues impacting the Company's business environment.

h. Meeting of independent directors with operating team

The independent directors of the Company meet in executive sessions with the various operating teams as and when they deem necessary. These discussions may include topics such as operating policies and procedures, risk management strategies, measures to improve efficiencies, performance and compensation, strategic issues for Board consideration, flow of information to directors, management progression and succession and others, as the independent directors may determine. During these executive sessions, the independent directors have access to members of management and other advisors, as the independent directors may determine and deem fit.

i. Commitment of directors

MANAGEMENT DISCUSSION AND ANALYSIS

It's a VUCA world and FY 2021-22 only reiterated that. Fast and effective vaccination rollouts, digital upskilling, demand acceleration for digitalization and adoption of newer technologies, hybrid operating models, economic recovery and a renewed sense of community have been the driving force for businesses.

India's technology industry experienced positive growth, while the world economy and many industries continued to confront the challenges posed by the prolonged pandemic in FY 2021-22. This was primarily due to technology becoming the pivot that enabled organizations to speed their journey towards becoming future-ready, agile, and resilient.

The need to keep businesses operating even during lockdown phases prompted firms to resort to technology which led to substantial investments in online platforms, including gaming, digital content, social networking, and e-commerce. These factors boosted global technology spending (excluding hardware) to over \$1.7 trillion in 2021, a nearly 9% year-over-year increase, and it is projected to reach \$1.8 trillion in 2022, a 6.5% increase. as per NASSCOM's Strategic Review 2022.

As a result of these paradigm shifts, organization across the globe are revisiting their strategies and reinventing themselves on multiple fronts.

In 2021, the global sourcing market witnessed a growth in the range of 12% to 14% touching USD 238-243 billion owing to multiple factors including strong recouping from business disruption caused due to pandemic, rising demand for value add and digital services, increased offshoring/nearshoring by the organization due to strong business resilience demonstrated by both global capability centers and service providers, growing demand from major source geographies such as Italy, Spain, Germany, UK, and US, as per NASSCOM's report.

It is anticipated that BFSI, Healthcare, Manufacturing, and Retail/ eCommerce will be the largest consumers of technology, with solutions centered on leveraging AI, Analytics, Automation, and the Cloud. As businesses diversify their technology portfolios, the software products market will see increased demand for productivity software and security solutions. Last but not the least, the rapidly increasing interest in the metaverse, which is being driven by the demand for more personalized experiences, will further disrupt the eCommerce market.

Given the enormity and pace of change facing the industry, the key to successful navigation is preparedness and agility.

BUSINESS OVERVIEW

FINANCIAL PERFORMANCE OVERVIEW

The financial Statements of Cressanda are prepared in accordance with the Indian Accounting Standards (referred to as 'Ind AS') prescribed under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, as amended from time to time. Significant accounting policies used in the preparation of the financial statements are disclosed in the notes to the consolidated financial statements.

The following table gives an overview of the financial results of the company:

(Amt in Rs.)

BUSINESS OUTLOOK

Global growth is expected to moderate from 6.1% in 2021 to 3.6 percent in 2022 as per , driven by withdrawal of monetary accommodation in major economies, continued supply side shortages and economic damage from the war in Ukraine. While enterprise spending on technology is expected to go up, growth is expected to moderate year on year at an industry level, leaving space for outperformance through market share gains and strong deal wins. Key themes expected to drive client spending, and continued business momentum for the company in FY 2023, include:

- **Sustainability:** New products and services aligned to the sustainability / SDG agenda, new systems to measure, track and reduce GHG emissions across the value chain towards Net Zero goals.
- **Technology:** Cloud migration; digital workplace; data estate and application modernization; cyber security; ERP modernization; low-code, no-code adoption; 5G/Edge adoption.
- **Product Innovation:** Accelerated spending on servitization to provide a connected experience and enable new business models.

RISK MANAGEMENT

The risk management program of your Company which started with 'Protection' as the focus moved to 'Protect and Enable business' and focused more on building a resilient Company. Analysis showed that in addition to being resilient, the Company has also become Anti-fragile – addressing issues around Uncertainty, Volatility and Complexity. While being strongly resilient helped the company to bounce back quickly when faced with a crisis, 'Anti-fragility' built over the last 2 years added the required capabilities for 'confident and positive risk taking' – take risks in a calculated manner and approach risk as an opportunity for growth and success by managing it, rather than merely viewing risk in the context of possible loss. These capabilities enable companies to improve their strategic decision making process in an otherwise opaque environment and enhance the operational performance in addition to providing strong assurance on protection and compliance.

The following paragraphs provide a view of how risk is managed at Cressanda and the status of the important enterprise level risks.

Your Company has implemented an Enterprise Risk Management (ERM) program, benchmarked to COSO ERM framework, adhering to the ISO 31000 Risk Management Standard, and complying with

the Indian Companies Act, 2013 / Companies (Amendment) Act, 2019 and SEBI directives.

The ERM program is aligned to the business strategy of the Company and helps to proactively identify, assess, mitigate, monitor and report risks across the enterprise that have the potential to prevent the Company from achieving its business objectives. Broadly, enterprise risks are classified and managed under the following categories:

- I. Strategy Risks - These have the potential to impact the entity's mission which arises out of strategic decisions and IT Investments, resource allocation, delivery models, geographical expansion and other activities. These risks are generally non-routine in nature and have high impact on the Company.
- II. Operational Risks - These have the potential to impact the efficiency and effectiveness of the business operations.
- III. Cyber and Privacy Risks - These have the potential to adversely impact security of information assets and information processing systems and have assumed paramount importance in the current business environment as the cyber threats have continued to grow both in terms of numbers and in sophistication.
- IV. Financial and Reporting Risks - These have the potential to adversely impact the profitability of the Company. These also have the potential to impact the statutory financial statements and transmission of timely and accurate information to stakeholders.
- V. Compliance Risks - These have the potential to expose the Company to regulatory, statutory, and legal risks.

INTELLECTUAL PROPERTY (IP) VIOLATION

IP is one of the factors that can act as a multiplier in a company's valuation, provides competitive edge, create efficiencies through innovation and increases profitability. On the other hand, infringement of patents, trademarks, copyrights, and other intellectual property can lead to costly litigation and damages. Any violation in this space will negatively impact the Company's reputation, brand and can create legal exposure. The Company has put in place mechanisms to detect and mitigate any infringement of IP rights. To ensure this the Company has implemented technology-based solutions and has taken several steps to hone the awareness level of the employees to ensure that the Company's IP is well guarded. Mandatory trainings, knowledge sharing sessions and discussions on best practices are conducted to ensure that this risk is well mitigated.

INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY

Cressanda's internal controls are commensurate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance with corporate policies. Processes for formulating and reviewing annual and long-term business plans have been laid down. Cressanda uses a state-of-the-art enterprise resource planning (ERP) system that connects all parts of the organization, to record data for accounting, consolidation and management information purposes. It has continued its efforts to align all its processes and controls with global best practices.

M/s. Rishi Sekhri & Associates, Chartered Accountants, Mumbai, the statutory auditors of Cressanda have audited the financial statements included in this annual report and have issued an attestation report on the company's internal control over financial reporting (as defined in section 143 of

Companies Act 2013).

The audit is based on an internal audit plan, which is reviewed each year in consultation with the statutory auditors and approved by the audit committee.

Based on its evaluation (as defined in section 177 of Companies Act 2013 and Regulation 18 of SEBI LODR Regulations 2015), Cressanda's audit committee has concluded that, as of March 31, 2022, the company's internal financial controls were adequate and operating effectively.

Independent Auditor's Report

To The Members of Cressanda Solutions Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Cressanda Solutions Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended on that date (hereinafter referred to as the "standalone financial statements"), and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31 2022, and **its Profit**, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis and Board's Report including Annexures to Board's Report, but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other

information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and

obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor’s report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid / provided by the Company to its director’s during year is in accordance with the provisions of Section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - I. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - III. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund (IEPF) by the Company
 - IV. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any

other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ('Intermediaries') with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ('Funding Parties') with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our attention that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) as provided under (a) and (b) above, contain any material misstatement.

- V. The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Cressanda Solutions Limited** (“the Company”) as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(b) Details of statutory dues referred to in clause vii (a) above, which have not been deposited as on March 31, 2022 on account of disputes are given below:

Name of Statute	Nature of Dues	Amount (Rs in Lacs)	Period to which it relates	Forum where dispute is pending
Income Tax Act, 1961	Income tax	19.73	A.Y. 2014-15	Assessing officer
Income Tax Act, 1961	Income tax	0.01	A.Y. 2009-10	Assessing officer

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of any loan or other borrowings or any interest due thereon to any lender.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or other lenders

c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.

(d) In our opinion and according to the information and explanations given to us, there are no funds raised on short term basis which have been utilised for long term purposes.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) In our opinion and according to the information and explanations given to us, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence reporting on clause (ix)(f) of the Order is not applicable.

(x) (a) The Company not raised moneys by way of initial public offer or further public offer (including

debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.

(b) In our opinion and according to the information and explanation given to us, during the year, the Company has made preferential allotment of Convertible Equity Warrants (CEW) in accordance with the provisions and requirements of Section 42 and 62 of the Companies Act 2013 and the Rules framed thereunder. The Company has not made private placement of equity shares or fully or partly convertible debentures during the year and the fund raised has been used for the purpose for which the fund were raised.

(xi) (a) We have not noticed any case of fraud by the company or any fraud on the Company by its officers or employees during the year. The management has also not reported any case of fraud during the year.

(b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As auditor, we did not receive any whistle- blower complaint during the year

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards. Identification of related parties were made and provided by the management of the company.

(xiv) (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date, for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

(d) As per the information and explanations received, the group does not have any CIC as part of the group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) Based on the examination of records of the Company and information and explanations given to us, due to inadequate profits earned, the conditions and requirements of section 135 of the act is not applicable to the company hence, paragraph 3(xx) (a) and (xx) (b) of the Order is not applicable.

(xxi) The company has not made investments in subsidiary company. Therefore, the company does not require to prepare consolidated financial statement. Therefore, the provisions of Clause (xxi) of paragraph 3 of the order are not applicable to the Company.

Cressanda Solutions Limited

Notes to the financial statements for the year ended March 31, 2022

1. General information

Cressanda Solution Limited (“the Company”) is a public limited company incorporated and domiciled in India under the provisions of the Companies Act, 1956 and its equity shares are listed on one recognised stock exchanges in India. The registered office of the Company is located at 312A, Plot No, 207, Embassy Centre, Jamnalal Bajaj Marg, Nariman Point, Mumbai -400021.

These financial statements were authorised for issue by the Board of Directors on May 28, 2022.

2. Significant accounting policies and critical accounting estimate and judgments

2.1 Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of preparation

Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013 (“the Act”).

Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- Certain financial assets and financial liabilities at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets that are measured at fair value;
- Equity instruments in subsidiaries at fair value.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Company uses valuation techniques that are appropriate in the circumstances for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Current vis-à-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a “current/non-current basis”, with separate reporting of assets held for sale and liabilities. Current assets, which include cash and cash equivalents, are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Company or in the 12 months following the balance sheet date; current liabilities are liabilities that are expected to be settled during the normal operating cycle of the Company or within the 12 months

following the close of the financial year. The deferred tax assets and liabilities are classified as non-current assets and liabilities.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(B) Recent accounting pronouncements:

On March 23, 2022, the Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2022. This notification has resulted into amendments in the following existing accounting standards which are applicable to company from April 1, 2022:

- i. Ind AS 101 – First time adoption of Ind AS
- ii. Ind AS 109 – Financial Instrument
- iii. Ind AS 16 – Property, Plant and Equipment
- iv. Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets

Application of above standards are not expected to have any significant impact on the Company's financial statement

(C) Property, plant and equipment

All other items of property, plant and equipment are stated at cost which includes capitalised borrowing cost, less depreciation and impairment loss, if any. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

Depreciation methods, estimated useful life and residual value

Depreciation is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the following class of assets as prescribed in Part C of Schedule II to the Companies Act, 2013

Estimated useful life, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(D) Intangible assets

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation

/ depletion and impairment loss, if any. The cost comprises of purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

Expenditure incurred on acquisition of intangible assets which are not ready to use at the reporting date is disclosed under “intangible assets under development”.

Amortisation method and periods

Amortisation is charged on a straight-line basis over the estimated useful lives. The estimated useful lives and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

(E) Lease

The Company is the lessee

The Company lease assets primarily consists of office premises which are of short-term lease with the term of twelve months or less and low value leases. For these short term and low value leases, the Company recognizes the lease payments as an expense in the Statement of Profit and Loss on a straight-line basis over the term of lease.

(F) Impairment of non-financial assets

Assets which are subject to depreciation or amortisation are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(G) Trade Receivable

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment, if any.

(H) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through Other Comprehensive Income or through profit or loss) and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments in subsidiaries, the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures financial assets at its fair value plus, in the case of a financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109- 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables

(iv) Derecognition of financial assets

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) but does

not consider the expected credit losses.

Dividend

Dividends are recognised in statement of profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably

(I) Financial liabilities

(i) Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables

(J) Trade and other payables

These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Those Payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and other payables are subsequently measured at amortised cost using the effective interest rate method

(K) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pretax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events but it is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of obligation cannot be measured with sufficient reliability is termed as contingent liability.

Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable

(L) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (Rs.), which is the Company's functional and presentation currency.

(ii) Transactions and balances

(a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

(b) All exchange differences arising on reporting of foreign currency monetary items at rates different from those at which they were initially recorded are recognised in the Statement of Profit and Loss.

(c) In respect of foreign exchange differences arising on restatement or settlement of long-term foreign currency monetary items, the Company has availed the option available in Ind AS 101 to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding as on March 31, 2016, wherein:

- Foreign exchange differences on account of depreciable asset, are adjusted in the cost of depreciable asset and would be depreciated over the balance life of asset.
- In other cases, foreign exchange difference is accumulated in "foreign currency monetary item translation difference account" and amortised over the balance period of such long-term asset / liabilities.

(d) Non-monetary items denominated in foreign currency are stated at the rates prevailing on the date of the transactions / exchange rate at which transaction is actually affected.

(M) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria are met before revenue is recognized:

(i) Interest income is recognised on a time proportion basis taking in to account the amount outstanding and the applicable interest rate

(ii) Dividend income is recognised when the Companies right to receive dividend is established on the reporting date.

(iii) Other Income account on accrual basis

(N) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current

employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(O) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity.

(P) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, demand deposits with banks, short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(Q)- Earnings per share**Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(R) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(S) Segment reporting

The operating segment has been identified and reported taking into account its internal financial reporting, performance evaluation and organizational structure of its operations. Operating segment is reported in the manner evaluated by Board, considered as Chief Operating Decision Maker under Ind AS 108 "Operating Segment".

(T) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(U) Exceptional items

The Company discloses certain financial information both including / excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of underlying operating performance of the Company and provides consistency with the Company's internal management reporting. Exceptional items are identified by virtue of either size or nature so as to facilitate the comparison with prior period and to assess underlying trends in financial performance of the Company.

2.2 Critical accounting estimates and judgements

The preparation of the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Useful lives of Property, Plant and Equipment

The Company has estimated its useful lives of wind power assets based on the expected wear and tear, industry trends etc. In actual, the wear and tear can be different. When the useful lives differ from the original estimated useful lives, the Company will adjust the estimated useful lives accordingly. It is possible that the estimates made based on existing experience are different to the actual outcomes within the next financial period and could cause a material adjustment to the carrying amount of Property, Plant and Equipment.

(b) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The Company is eligible to claim tax holiday on income generated from wind power generation. The deferred tax on temporary differences which are reversing after the tax holiday period have been estimated considering future projections and Company's plan to start claiming tax holiday in certain years. It is possible that this estimate may be different to the actual outcome within the next financial periods and could cause material adjustments to the deferred tax recognised in financial statements.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the same can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(c) Fair value measurement and valuation process

The Company measured its investments in equity shares of subsidiaries at fair value and certain financial assets and liabilities for financial reporting purposes.

The fair values of investments in subsidiaries are not quoted in an active market and are determined by using valuation techniques, primarily earnings multiples and discounted cash flows. The models used to determine fair values including estimates / judgements involved are validated and periodically reviewed by the management. The inputs used in the valuation models include unobservable data of the Companies which are categorised within level III fair value measurements. They are based on historical experience,

technical evaluation and other factors, including expectations of future events. Considering the level of estimation involved and unobservable inputs, the Company has engaged a third party qualified valuer to perform the valuation. Based on the actual performance of respective subsidiaries project, the inputs considered for valuation may vary materially and could cause a material adjustment to carrying amount of investments.

(d) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment of financial assets and credit risk exposure. ECL impairment loss allowance (or reversal) recognized during the year is recognized as income / expense in the statement of profit and loss (P&L).

2.3 Previous year's figures

The Previous year's figures have been recast/restated, wherever necessary to confirm to current year classification.

Cressanda Solutions Limited

Notes to the financial statements for the year ended March 31, 2022

2. General information

Cressanda Solution Limited (“the Company”) is a public limited company incorporated and domiciled in India under the provisions of the Companies Act, 1956 and its equity shares are listed on one recognised stock exchanges in India. The registered office of the Company is located at 312A, Plot No, 207, Embassy Centre, Jamnalal Bajaj Marg, Nariman Point, Mumbai -400021.

These financial statements were authorised for issue by the Board of Directors on May 28, 2022.

2. Significant accounting policies and critical accounting estimate and judgments

2.1 Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Basis of preparation

Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013 (“the Act”).

Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- Certain financial assets and financial liabilities at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets that are measured at fair value;
- Equity instruments in subsidiaries at fair value.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Company uses valuation techniques that are appropriate in the circumstances for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Current vis-à-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a “current/non-current basis”, with separate reporting of assets held for sale and liabilities. Current assets, which include cash and cash equivalents, are assets that are intended to be realized, sold or consumed during the normal

operating cycle of the Company or in the 12 months following the balance sheet date; current liabilities are liabilities that are expected to be settled during the normal operating cycle of the Company or within the 12 months following the close of the financial year. The deferred tax assets and liabilities are classified as non-current assets and liabilities.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(B) Recent accounting pronouncements:

On March 23, 2022, the Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2022. This notification has resulted into amendments in the following existing accounting standards which are applicable to company from April 1, 2022:

- i. Ind AS 101 – First time adoption of Ind AS
- ii. Ind AS 109 – Financial Instrument
- iii. Ind AS 16 – Property, Plant and Equipment
- iv. Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets

Application of above standards are not expected to have any significant impact on the Company's financial statement

(C) Property, plant and equipment

All other items of property, plant and equipment are stated at cost which includes capitalised borrowing cost, less depreciation and impairment loss, if any. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

Depreciation methods, estimated useful life and residual value

Depreciation is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the following class of assets as prescribed in Part C of Schedule II to the Companies Act, 2013

Estimated useful life, residual values and depreciation methods are reviewed annually, taking into

account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(D) Intangible assets

Intangible assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises of purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

Expenditure incurred on acquisition of intangible assets which are not ready to use at the reporting date is disclosed under “intangible assets under development”.

Amortisation method and periods

Amortisation is charged on a straight-line basis over the estimated useful lives. The estimated useful lives and amortisation method are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

(E) Lease

The Company is the lessee

The Company lease assets primarily consists of office premises which are of short-term lease with the term of twelve months or less and low value leases. For these short term and low value leases, the Company recognizes the lease payments as an expense in the Statement of Profit and Loss on a straight-line basis over the term of lease.

(F) Impairment of non-financial assets

Assets which are subject to depreciation or amortisation are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(G) Trade Receivable

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment, if any.

(H) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through Other Comprehensive Income or through profit or loss) and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments in subsidiaries, the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures financial assets at its fair value plus, in the case of a financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109- 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables

(iv) Derecognition of financial assets

A financial asset is derecognised only when:

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Dividends are recognised in statement of profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably

(l) Financial liabilities

(i) Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables

(J) Trade and other payables

These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Those Payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and other payables are subsequently measured at amortised cost using the effective interest rate method

(K) Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pretax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more

uncertain future events not wholly within the control of the Company. A present obligation that arises from past events but it is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of obligation cannot be measured with sufficient reliability is termed as contingent liability.

Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable

(L) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (Rs.), which is the Company's functional and presentation currency.

(ii) Transactions and balances

(a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

(b) All exchange differences arising on reporting of foreign currency monetary items at rates different from those at which they were initially recorded are recognised in the Statement of Profit and Loss.

(c) In respect of foreign exchange differences arising on restatement or settlement of long-term foreign currency monetary items, the Company has availed the option available in Ind AS 101 to continue the policy adopted for accounting for exchange differences arising from translation of long-term foreign currency monetary items outstanding as on March 31, 2016, wherein:

- Foreign exchange differences on account of depreciable asset, are adjusted in the cost of depreciable asset and would be depreciated over the balance life of asset.
- In other cases, foreign exchange difference is accumulated in "foreign currency monetary item translation difference account" and amortised over the balance period of such long-term asset / liabilities.

(d) Non-monetary items denominated in foreign currency are stated at the rates prevailing on the date of the transactions / exchange rate at which transaction is actually affected.

(M) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria are met before revenue is recognized:

(i) Interest income is recognised on a time proportion basis taking in to account the amount outstanding and the applicable interest rate

(ii) Dividend income is recognised when the Companies right to receive dividend is established on the reporting date.

(iii) Other Income account on accrual basis

(N) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are

presented as current employee benefit obligations in the balance sheet.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(O) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity.

(P) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, demand deposits with banks, short-term balances (with an original maturity of three months or less from date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(Q)- Earnings per share**Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(R) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(S) Segment reporting

The operating segment has been identified and reported taking into account its internal financial reporting, performance evaluation and organizational structure of its operations. Operating segment is reported in the manner evaluated by Board, considered as Chief Operating Decision Maker under Ind AS 108 "Operating Segment".

(T) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(U) Exceptional items

The Company discloses certain financial information both including / excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of underlying operating performance of the Company and provides consistency with the Company's internal management reporting. Exceptional items are identified by virtue of either size or nature so as to facilitate the comparison with prior period and to assess underlying trends in financial performance of the Company.

2.2 Critical accounting estimates and judgements

The preparation of the financial statements under Ind AS requires management to take decisions and

make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Useful lives of Property, Plant and Equipment

The Company has estimated its useful lives of wind power assets based on the expected wear and tear, industry trends etc. In actual, the wear and tear can be different. When the useful lives differ from the original estimated useful lives, the Company will adjust the estimated useful lives accordingly. It is possible that the estimates made based on existing experience are different to the actual outcomes within the next financial period and could cause a material adjustment to the carrying amount of Property, Plant and Equipment.

(b) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would get finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The Company is eligible to claim tax holiday on income generated from wind power generation. The deferred tax on temporary differences which are reversing after the tax holiday period have been estimated considering future projections and Company's plan to start claiming tax holiday in certain years. It is possible that this estimate may be different to the actual outcome within the next financial periods and could cause material adjustments to the deferred tax recognised in financial statements. Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the same can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(c) Fair value measurement and valuation process

The Company measured its investments in equity shares of subsidiaries at fair value and certain financial assets and liabilities for financial reporting purposes.

The fair values of investments in subsidiaries are not quoted in an active market and are determined by using valuation techniques, primarily earnings multiples and discounted cash flows. The models used to determine fair values including estimates / judgements involved are validated and periodically reviewed by the management. The inputs used in the valuation models include unobservable data of the Companies which are categorised within level III fair value measurements. They are based on historical experience, technical evaluation and other factors, including expectations of future events. Considering the level of estimation involved and unobservable inputs, the Company has engaged a third party qualified valuer to perform the valuation. Based on the actual performance of respective subsidiaries project, the inputs considered for valuation may vary

materially and could cause a material adjustment to carrying amount of investments.

(d) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment of financial assets and credit risk exposure. ECL impairment loss allowance (or reversal) recognized during the year is recognized as income / expense in the statement of profit and loss (P&L).

2.3 Previous year's figures

The Previous year's figures have been recast/restated, wherever necessary to confirm to current year classification.
