REPORTING PERIOD AND SCOPE

This report covers financial and non-financial information and activities of Cressanda Railway Solutions Limited [Formerly Known as Cressanda Solutions Limited] ('the Company' or 'CRSL') during the period April 1, 2024, to March 31, 2025. The report's financial figures have been audited by M/s. H. Rajen & Company, Chartered Accountants, Mumbai (Firm Registration Number: 108351W).

MATERIALITY

We cover key material aspects that have been identified through our ongoing stakeholder engagement and are addressed by various programmes or action points set by the key management personnel.

RESPONSIVENESS

Our reporting addresses a gamut of stakeholders, each having their own needs and interests. This report is one element of our interaction and communication. It reflects how we manage our operations by accounting and responding to stakeholder concerns.

FORWARD-LOOKING STATEMENTS

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This Report and other statements – written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

In a dynamic and ever-changing world, progress demands not only an unwavering commitment to growth but also the foresight to anticipate and shape the future.

CHARTING NEW TRACKS. LEADING WITH VISION.

Our theme this year, captures the spirit of exploration and leadership that defines our organisation.

Throughout the past year, we have navigated fresh pathways, embraced new opportunities, and challenged conventions to unlock long-term value for all stakeholders.

Our leadership has been guided by a clear vision: to expand horizons, empower our teams, and continually eye new opportunities for business growth.

Each milestone achieved is a testament to our resilience, agility, and the bold decisions that propel us forward.

As we chart new tracks, we do so with a deep sense of responsibility and purpose.

Our focus on innovation, sustainability, and operational excellence ensures that we are not just adapting to change, but actively leading it.

By investing in talent, technology, and partnerships, we remain steadfast in our pursuit of transformative growth for our people, our communities, and our shareholders.

This annual report chronicles a year of purposeful action and visionary leadership, affirming our commitment to forging ahead, exploring untapped possibilities, and shaping a future defined by enduring impact.

MESSAGE FROM THE MANAGING DIRECTOR

BY ALIGNING CLOSELY
WITH THE EVOLVING
PRIORITIES OF
INDIAN RAILWAYS
AND LEVERAGING
STRATEGIC
PARTNERSHIPS, WE
ARE CONFIDENT
OF UNLOCKING
VALUE FOR ALL
STAKEHOLDERS.”

Dear Shareholders,

It is my pleasure to share our performance in FY25, a year that has been both challenging and rewarding for Cressenda Railway Solutions Limited. This year marks yet another milestone in our collective journey, a journey defined by resilience, innovation, and the trust you have placed in us.

INDUSTRY OVERVIEW

Despite global economic volatility, the Indian economy delivered a strong performance in FY 2025, reaffirming its position as one of the world's fastest-growing economies with a GDP growth of 6.5%. This robust trajectory was underpinned by the strength of key sectors such as financial services, sustained private consumption, and supportive policy measures. Proactive and timely interventions by the Government further enhanced the business environment, fostering stability and enabling continued growth.

The Indian railway industry today stands at an exciting turning point, honouring the strength of its traditional segments while decisively moving towards next-generation mobility. As one of the world's largest rail networks, Indian Railways (IR) is truly the nation's lifeline, seamlessly connecting diverse geographies and communities. Beyond being a means of travel, it is a driving force of the Indian economy, ensuring smooth movement of both passengers and freight across the country. In FY 2024-25, IR recorded a historic freight loading of 1,617.4 MT, generating revenues of ₹2.64 lakh crore, clear testimony to its scale and efficiency.

With a renewed focus on offering world-class travel experiences and enhancing freight performance, IR has reinforced its role as a catalyst of national progress. The FY 2025-26 budget places sharp emphasis on safety, capacity expansion, passenger amenities, and rolling stock upgrades. Equally noteworthy is the highest-ever capital expenditure utilization of ₹2.62 lakh crore in FY 2024-25, fuelling the creation of modern stations, futuristic trains, and advanced safety systems. Together, these initiatives showcase India's technological capabilities while uplifting the experience of millions of passengers every single day.

OUR PERFORMANCE REVIEW

While our topline and bottom line declined owing to the discontinuation of several non-core and loss-making business segments, this was a conscious and strategic decision. We chose to reset our foundation by focusing on what we do best, our core Railway Auxiliary Services business. This strategic pivot, though it impacted near-term performance, positions Cressenda for more sustainable and profitable growth in the years ahead.

I am pleased to share that during the year we achieved an important milestone by joining hands with Broadcast Engineering

Consultants India Limited (BECIL), a Government of India enterprise under the Ministry of Information and Broadcasting. Through this consortium, we have successfully bid for a marquee tender from the Ministry of Railways, marking a significant step forward in our journey.

In line with this, we secured a landmark 5-year contract with Eastern Railway, with the option to extend for another five years. This agreement grants us the rights to provide a bouquet of auxiliary services that will significantly enhance passenger experience and engagement. These include:

- Provision of on-board Wi-Fi, internet services, and Content on Demand in Mail/Express and premium trains.
- Advertising rights on the interior and exterior surfaces of over 500 Mail Express, Premium, Intercity, and Local trains.
- The right to provide on-board sale of non-catering travel-related items.

The scope of this agreement is vast, covering four divisions of Eastern Railways, which in turn connect 18 zones across several states and cities. This not only opens up long-term revenue streams but also strengthens Cressenda's role as a partner in transforming the rail travel ecosystem in India.

WAY FORWARD

Looking ahead, our focus remains steadfast on building our Railway Auxiliary Services business with greater innovation, sustainability, and customer-centricity. By aligning closely with the evolving priorities of Indian Railways and leveraging strategic partnerships, we are confident of unlocking value for all stakeholders.

On behalf of the Board, I extend my sincere gratitude to our shareholders, employees, partners, and the Ministry of Railways for their trust and support. Together, we are charting a new course for Cressenda, one that is future-ready, resilient, and committed to excellence.

Thanks

Arun Kumar Tyagi

Cressenda Railway Solutions Limited

CORPORATE SNAPSHOT

Cressenda Railway Solutions Limited is among the youngest entrants in the Railway Auxiliary Services space, yet we have carved a distinct identity in a short span of time.

With a refreshed brand identity, we set out to reflect our expanded presence and commitment to the sector.

From our origins as an IT solutions provider, we have evolved into a unique blend of advertising and concierge service offerings, becoming India's first and only listed company dedicated to Railway Auxiliary Services.

A milestone achievement was our pioneering end-to-end concierge services agreement with the Eastern Railway, an initiative that remains the first of its kind in the industry.

To support this, we have invested in state-of-the-art technology platforms and advanced software solutions, ensuring seamless project execution and flawless operations for our partners

In serving one of India's oldest government enterprises, we have continually adapted to meet their evolving needs. Our focus remains on transforming one-off projects into long-term, value-driven relationships. By prioritising projects with strong revenue visibility, we ensure steady growth and stability, irrespective of market conditions.

ABOUT US

Founded in 1985, Cressanda Railway Solutions Limited is a publicly listed company recognised for blending modern digital media services with strong technological expertise.

Over the years, we have charted a journey of continuous evolution, shaped by innovation, adaptability, and strategic growth. By harnessing advanced technologies within our digital media solutions, we have not only strengthened our capabilities but also positioned ourselves to capture promising opportunities in a rapidly expanding market.

OUR

Achieving sector-wide impact through a relentless commitment to understanding our clients' needs and delivering solutions that enable their success.

OUR VISION

To be the leading private sector provider of integrated railway auxiliary services with unmatched market share while continuously expanding industry presence through innovation and customer focus.

WHERE WE ARE

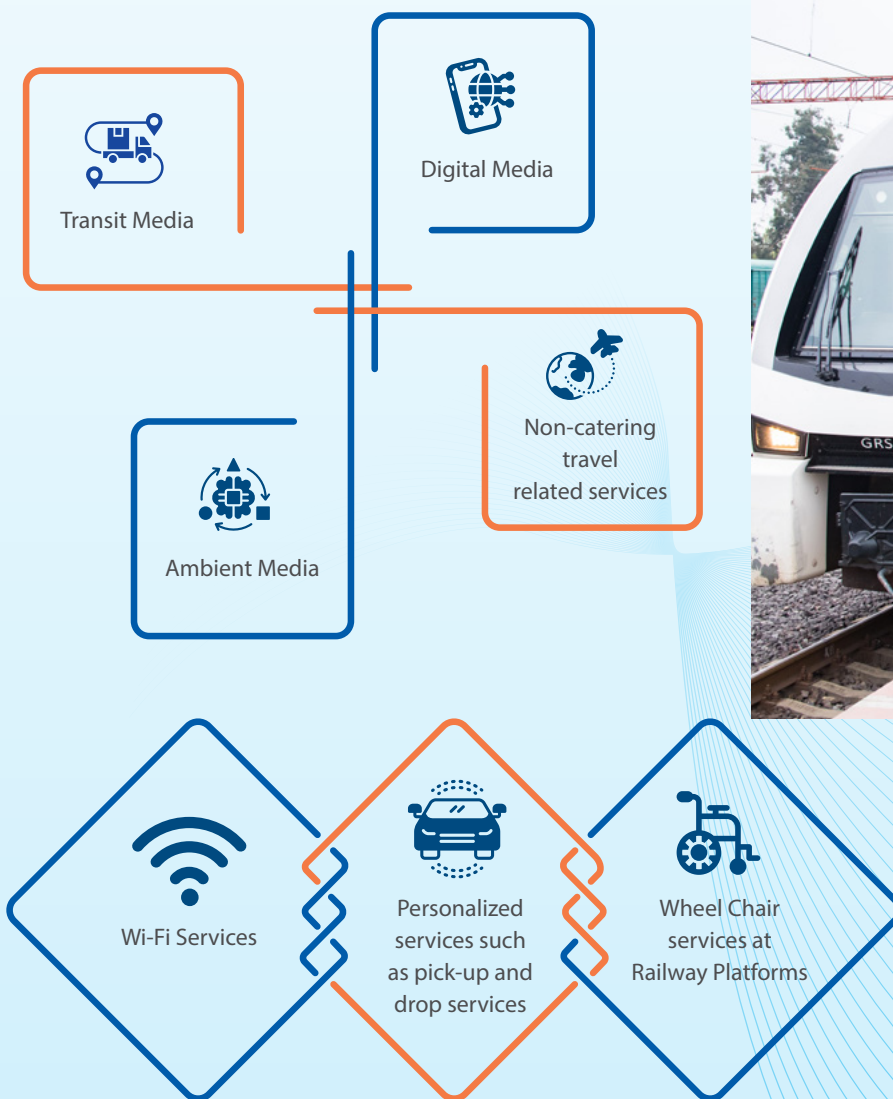

Headquartered in Mumbai, India, CRSL extends its reach with branch offices in cities such as Kolkata and Delhi. However, our product presence goes far beyond these locations. We have proudly expanded our footprint across India.

CORPORATE SNAPSHOT

WHAT WE HAVE ON OFFER

Drawing on our deep technological expertise, we have channelled our efforts into delivering comprehensive Railway Auxiliary Services, institutional concierge solutions, and digital media offerings for railways and allied institutions. Positioned as a full-fledged railway media partner, we drive innovation by blending advanced technology with creative solutions, shaping the future of media within the railway ecosystem.

The key focus areas of our digital media services

WHY CHOOSE IN-TRANSIT ADVERTISING?

BECAUSE IT WORKS, SIMPLY AND EFFECTIVELY.

MASS VISIBILITY

Your brand enjoys daily exposure across vast regions without the need for fragmented advertising spends. One campaign, many places, maximum reach.

DIVERSE AUDIENCE

While suburban trains cater to repeat commuters, long-distance trains bring in a fresh, ever-changing audience. Every new passenger is a new opportunity, carrying your brand message with them long after their journey.

CAPTIVE ATTENTION

With hours to spend onboard, passengers naturally engage with the advertisements around them. They read, re-read, and retain the message, giving your brand a stronger presence without overwhelming visuals.

EXTENDED RECALL

Unlike digital ads that can be skipped or ignored, in-transit advertising demands attention. Its constant visibility across long journeys ensures that your message stays top-of-mind.

WIDER REACH

From students to professionals, families to frequent travellers, the audience is as diverse as India itself. Reaching across age groups and social segments, your brand is seen, remembered, and talked about.

Director's Report

Director's Report

To,
The Members of,
CRESSANDA RAILWAY SOLUTIONS LIMITED
(Formerly known as Cressanda Solutions Limited)

Your directors take pleasure in presenting the 40th Annual Report along with the Audited Standalone and Consolidated Financial Statements for the year ended 31st March, 2025.

HIGHLIGHTS OF FINANCIAL PERFORMANCE ON STANDALONE BASIS

- **Total Revenue:** During the Financial Year 2024-25, the total revenue of the Company is decreased by 74.70% from ₹9,854.94 Lakhs to ₹2,493.78 Lakhs as compared to the previous Financial Year 2023-24. The revenue has decreased mainly on account of the Company has not carried out trading of food grains during the financial year 2024-25 and the Company has carried out its business activities of the company in the main segments i.e., Railway Auxiliary Services.
- **Expenditure:** During the year, total expenditure has decreased by 73.29% from ₹9,230.30 Lakhs in FY 2023-24 to ₹2,465.02 Lakhs in the current FY 2024-25. The decrease in expenses is largely on account of the decrease in purchase of trading of food grains and the decrease in employee benefit expenses, however, other expenses have increased from ₹1,360.31 Lakhs in FY 2023-24 to ₹2,236.73 Lakhs in FY 2024-25.
- **Employee benefits expenses:** During the year under review, the Employee benefits expenses decreased by 12.88% from ₹203.83 Lakhs to ₹177.56 Lakhs as compared to the previous financial year. The key reason for decrease is because of non-continuation of trading of food grains business.
- **Finance Cost:** The finance cost decreased by 14.02% from 8.34 Lakhs in FY 2023-24 to ₹7.17- Lakhs as compared to the previous FY 2023-24.
- **Operational & other Expenses:** The operational & other expenses increased by 64.43% from ₹1,360.31 Lakhs to ₹2,236.73 Lakhs as compared to the previous FY 2023-24 mainly on account of licensee fees.
- **Profit before Tax:** During the year, there is decrease in the Profit before Tax by 95.51% for ₹43.17 Lakhs as compared to of ₹962.34 Lakhs in the previous FY 2023-24 on non-continuation of trading of food grains business from the previous financial year.
- **Non-Current Liabilities:** The non-current liabilities have decreased by 66.40% from ₹29.29 to ₹9.84 Lakhs as compared to the previous FY 2023-24 owing mainly to lease liabilities.
- **Current Liabilities:** The current liabilities have decreased from ₹5,293.18 Lakhs to ₹1,146.91 Lakhs as compared to the previous FY 2023-24
- **Non-Current Assets:** The non-current assets have decreased from ₹4,574.97 Lakhs to ₹3,325.73 Lakhs as compared to the previous FY 2023-24.
- **Current Assets:** The current assets have decreased by 13.86% from ₹15,380.49 Lakhs to ₹13,248.62 Lakhs as compared to the previous FY 2023-24.

Annexure- B**VIGIL MECHANISM/ WHISTLE BLOWER POLICY****1. PREFACE**

- 1.1. Section 177 of the Companies Act, 2013 requires every listed company and such class or classes of companies, as may be prescribed to establish a vigil mechanism for the directors and employees to report genuine concerns in such manner as may be prescribed. The Company has adopted a Code of Conduct for Directors and Senior Management Executives ("the Code"), which lays down the principles and standards that should govern the actions of the Company and its employees. Any actual or potential violation of the Code, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. Such a vigil mechanism shall provide for adequate safeguards against victimization of persons who use such mechanism and also make provision for direct access to the chairperson of the Audit committee in appropriate or exceptional cases.
- 1.2. In the Rules under Companies Act 2013, among others, a company which has borrowed money from banks and public financial institutions in excess of ₹50 crore need to have a vigil mechanism.
- 1.3. Under these circumstances, **CRESSANDA RAILWAY SOLUTIONS LIMITED**, (formerly known as Cressanda Solutions Limited) being a Limited Company proposes to establish a Whistle Blower Policy/ Vigil Mechanism and to formulate a policy for the same.

2. POLICY OBJECTIVES

- 2.1. The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations. To maintain these standards, the Company encourages its employees who have concerns about suspected misconduct to come forward and express these concerns without fear of punishment or unfair treatment. A Vigil (Whistle Blower) mechanism provides a channel to the employees and Directors to report to the management concerns about unethical behaviour, actual or suspected fraud or violation of the Codes of conduct or policy. The mechanism provides for adequate safeguards against victimization of employees and Directors to avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee in exceptional cases.
- 2.2. This neither releases employees from their duty of confidentiality in the course of their work nor can it be used as a route for raising malicious or unfounded allegations against people in authority and / or colleagues in general.

3. SCOPE OF THE POLICY

- 3.1. This policy covers malpractices and events which have taken place / suspected to have taken place, misuse or abuse of authority, fraud or suspected fraud, violation of company rules, manipulations, negligence causing danger to public health and safety, misappropriation of monies, and other matters or activity on account of which the interest of the Company is affected and formally reported by whistle blowers concerning its employees.

8. DECISION AND REPORTING

- 8.1. If an investigation leads the Vigilance and Ethics Officer / Chairman of the Audit Committee to conclude that an improper or unethical act has been committed, the Vigilance and Ethics Officer / Chairman of the Audit Committee shall recommend to the management of the Company to take such disciplinary or corrective action as he may deem fit. It is clarified that any disciplinary or corrective action initiated against the Subject as a result of the findings of an investigation pursuant to this Policy shall adhere to the applicable personnel or staff conduct and disciplinary procedures.
- 8.2. The Vigilance and Ethics Officer shall submit a report to the Chairman of the Audit Committee on a regular basis about all Protected Disclosures referred to him/her since the last report together with the results of investigations, if any.
- 8.3. In case the Subject is the Chairman/CEO of the Company, the Chairman of the Audit Committee after examining the Protected Disclosure shall forward the protected disclosure to other members of the Audit Committee if deemed fit. The Audit Committee shall appropriately and expeditiously investigate the Protected Disclosure.

- 8.4. If the report of investigation is not to the satisfaction of the complainant, the complainant has the right to report the event to the appropriate legal or investigating agency.
- 8.5. A complainant who makes false allegations of unethical & improper practices or about alleged wrongful conduct of the subject to the Vigilance and Ethics Officer or the Audit Committee shall be subject to appropriate disciplinary action in accordance with the rules, procedures and policies of the Company.

9. SECRECY / CONFIDENTIALITY

- 9.1. The complainant, Vigilance and Ethics Officer, Members of Audit Committee, the Subject and everybody involved in the process shall:
 - 9.1.1. Maintain confidentiality of all matters under this Policy
 - 9.1.2. Discuss only to the extent or with those persons as required under this policy for completing the process of investigations.
 - 9.1.3. Not keep the papers unattended anywhere at any time
 - 9.1.4. Keep the electronic mails / files under password.

10. PROTECTION

- 10.1. No unfair treatment will be meted out to a Whistle Blower by virtue of his/ her having reported a Protected Disclosure under this policy. The company, as a policy, condemns any kind of discrimination, harassment, victimization or any other unfair employment practice being adopted against Whistle Blowers. Complete protection will, therefore, be given to Whistle Blowers against any unfair practice like retaliation, threat or intimidation of termination / suspension of service, disciplinary action, transfer, demotion, refusal of promotion or the like including any direct or indirect use of authority to obstruct the Whistle Bower/s right to continue to perform his duties / functions including making further Protected Disclosure. The company will take steps to minimize difficulties, which the Whistle Bower may experience as a result of making the Protected Disclosure.

Thus, if the Whistle Bower is required to give evidence in criminal or disciplinary proceedings, the Company will arrange for the Whistle Bower to receive advice about the procedure, etc.

- 10.2. A Whistle Bower may report any violation of the above clause to the Chairman of the Audit Committee, who shall investigate into the same and recommend suitable action to the management.

10.3. The identity of the Whistle Blower shall be kept confidential to the extent possible and permitted under law. The identity of the complainant will not be revealed unless he himself has made either his details public or disclosed his identity to any other office or authority. In the event of the identity of the complainant being disclosed, the Audit Committee is authorized to initiate appropriate action as per extant regulations against the person or agency making such disclosure. The identity of the Whistle Blower, if known, shall remain confidential to those persons directly involved in applying this policy, unless the issue requires investigation by law enforcement agencies, in which case members of the organization are subject to subpoena.

10.4. Any other Employee assisting in the said investigation shall also be protected to the same extent as the Whistle Blower.

10.5. Provided however that the complainant before making a complaint has reasonable belief that an issue exists and he has acted in good faith. Any complaint not made in good faith as assessed as such by the Audit Committee shall be viewed seriously and the complainant shall be subject to disciplinary action as per the Rules / certified standing orders of the Company. This policy does not protect an employee from an adverse action taken independent of his disclosure of unethical and improper practice etc. unrelated to a disclosure made pursuant to this policy.

11. ACCESS TO CHAIRMAN OF THE AUDIT COMMITTEE

11.1 The whistle Blower shall have right to access Chairman of the Audit Committee directly in exceptional cases and the Chairman of the Audit Committee is authorized to prescribe suitable directions in this regard.

12. COMMUNICATION

12.1. A whistle Blower policy cannot be effective unless it is properly communicated to employees. Employees shall be informed through by publishing in notice board and the website of the company.

13. RETENTION OF DOCUMENTS

13.1. All Protected disclosures in-writing or documented along with the results of investigation relating thereto, shall be retained by the Company for a period of 7 (seven) years or such other period as specified by any other law in force, whichever is more.

14. AMENDMENT

14.1. The Company reserves its right to amend or modify this Policy in whole or in part, at any time without assigning any reason whatsoever.

Management Discussion and Analysis

Management discussion and analysis

GLOBAL ECONOMIC GROWTH

The global economy entered 2024 with optimism, but persistent inflation and currency pressures tempered expectations, especially in developing markets. While the US remained resilient, other advanced economies lagged. In 2025, modest growth is anticipated, shaped by policy shifts following global elections. The IMF projects global GDP growth at 3.3% in both 2025 and 2026, with inflation easing to 4.2% in 2025 and 3.5% in 2026, reaching targets sooner in advanced economies than in emerging markets.

Global economy growth projections

(Source: <https://www.imf.org/en/Publications/WEO/Issues/2025/01/17/world-economic-outlook-update-january-2025>) [*Emerging Market and Developing Economies] [**Projected]

Global inflation is projected to ease from 4.5% in 2024 to 3.5% in 2025, though still above pre-pandemic levels. Advanced economies are expected to manage inflation more effectively than emerging markets, but factors like wage pressures, protectionism, and geopolitical tensions could create uneven outcomes.

The U.S. economy remains strong, with 2025 growth revised upward to 2.7% due to resilient consumer demand, a robust job market, and favorable financial conditions. Growth is expected to moderate by 2026. In contrast, the euro area faces slower recovery, with 2025 growth revised down to 1.0% amid geopolitical tensions and weak manufacturing, though it may rise to 1.4% by 2026 as conditions improve. Emerging markets are expected to maintain stable growth. China's 2025 outlook is slightly upgraded to 4.6% due to fiscal support, while India is set to grow steadily at 6.5% through 2025 and 2026, in line with long-term trends.

Regional prospects vary: the Middle East and Central Asia face tempered growth due to oil production cuts, Latin America will see modest improvement, sub-Saharan Africa is set for stronger growth, and emerging Europe may experience a slowdown.

Outlook

According to the IMF, factoring in recent market trends and the impact of rising trade policy uncertainty, the uncertainty surrounding the global economy is expected to persist throughout 2025. However, potential policy changes are still being discussed.

In 2025, energy commodity prices are expected to decline by 2.6%, largely due to weaker oil demand from China and increased supply from non-OPEC+ countries (which includes Russia), though rising gas prices – caused by colder weather, supply disruptions, and ongoing conflicts in the Middle East – partly offset the decline.

Meanwhile, non-fuel commodity prices are projected to rise by 2.5%, mainly driven by higher food and beverage costs due to adverse weather affecting major producers. On the monetary front, major central banks are expected to continue lowering interest rates, though at different speeds, depending on their respective economic growth and inflation outlooks. Fiscal policies in advanced economies, including the U.S., are expected to tighten in 2025–26, with a lesser degree of tightening in emerging and developing markets.

INDIAN ECONOMY OVERVIEW

Even in FY25, the Indian economy continued to emerge as of the fastest growing economies in the world, but at a sluggish pace compared to the previous years. Slower growth in the first half of the fiscal (6%) led the RBI to bring down the annual projection to 6.6% (down from an earlier projection of 7%). However, according to the first advance estimates, India's real GDP is expected to grow at 6.4% in FY25.

Some of the key factors which helped drive the growth of the Indian economy include, rural consumption has remained robust, supported by strong agricultural performance, while the services sector continues to be a key driver of growth. Manufacturing exports, particularly in high-value-added components (such as electronics, semiconductors, and pharmaceuticals), have displayed strength, underscoring India's growing role in global value chains.

Indian GDP growth

(Source: <https://pib.gov.in/PressReleasePage.aspx?PRID=2097921>)

[*1st Revised Estimate | **2nd Provisional Estimates | *** 1st Advance Estimates]

India's current account deficit (CAD) stood at \$11.5 billion (1.1% of GDP) in Q3 FY25, unchanged as a percentage of GDP but down from \$16.7 billion in Q2. A surplus of \$4–6 billion is expected in Q4, supported by stronger exports and services. For FY25, CAD is projected at around 0.8% of GDP. Foreign exchange reserves reached a five-month high of \$676.3 billion as of April 4, 2025, making India the fourth-largest holder globally. This growth highlights the country's economic resilience and provides a strong buffer against global volatility.

India's real GVA is projected to grow by 6.4% in FY25, driven by agriculture (3.8%), industry (6.2%), and services (7.2%). However, manufacturing exports remain under pressure due to weak global demand and protectionist trade policies.

The IMF revised India's GDP growth forecast for FY25 to 6.5% (down 0.5 pp), citing a sharp 12.3% contraction in government capex, which has slowed investment growth. Still, net exports are expected to contribute positively due to lower crude prices. Net direct tax collections grew 13.57% to ₹22.26 lakh crore in FY25, surpassing budget estimates and maintaining strong tax buoyancy at 1.57, reflecting sustained economic momentum.

Indian MSME sector

The MSME sector is a backbone of India's economy, driving manufacturing, exports, and employment, particularly in semi-urban and rural regions. With 5.93 crore registered units employing over 25 crore people, MSMEs contribute nearly half of India's exports and play a pivotal role in fostering innovation and inclusive growth. Exports from MSMEs have risen sharply, from ₹3.95 lakh crore in 2020-21 to ₹12.39 lakh crore in 2024-25, while the number of exporting units has more than tripled to 1.73 lakh in the same period. Their growing share in India's exports, now at 45.79%, highlights their increasing global integration and the government's focus on enhancing competitiveness, innovation, and resource access to strengthen their role as engines of economic progress.

Key Budget takeaways for the Indian MSME Sector

The government has introduced several measures to boost MSMEs and startups. Classification thresholds have been revised upward (investment by 2.5x and turnover by 2x) to widen growth opportunities. Credit support has been enhanced with guarantee cover doubled, ₹10 crore for MSMEs and ₹20 crore for startups, unlocking ₹1.5 lakh crore in additional credit, alongside reduced fees in priority sectors. A new Credit Card facility will extend ₹5 lakh credit to micro enterprises, with 10 lakh cards to be issued in the first year.

Startups and first-time entrepreneurs will benefit from a proposed ₹10,000 crore Fund of Funds and targeted term loans of up to ₹2 crore for 5 lakh women, SC, and ST entrepreneurs, fostering inclusivity and innovation. Sector-specific initiatives include support for footwear, leather, toys, and food processing, expected to generate jobs, boost turnover, and establish India as a global hub. Additionally, a National Manufacturing Mission under Make in India will provide policy roadmaps, with a strong push for clean tech manufacturing in solar PV cells, EV batteries, wind turbines, and high-voltage transmission equipment.

Export scenario

Despite the prevailing geopolitical tensions, the Indian goods and services exports is expected to cross \$800 billion by the end of the current fiscal, signalling a robust economy and continued growth across sectors. This would be higher than the earlier record of \$776.68 billion in the overall exports in FY24.

As demand for Indian products in the global market surges across categories, the country's total exports reached about \$778 billion in FY 2023-24, compared to \$466 billion in FY 2013-14 - a whopping 67% growth. In 2023-24, merchandise exports stood at USD 437.10 billion, while services exports contributed USD 341.11 billion, demonstrating a well-balanced

expansion. Key sectors like electronics, pharmaceuticals, engineering goods, iron ore, and textiles played a vital role in this surge. Strengthened by strategic policy measures, enhanced competitiveness, and broader market access, India's export ecosystem is now more resilient and deeply integrated into the global economy.

The momentum has continued into FY 2024-25, with cumulative exports during April-December 2024 estimated at USD 602.64 billion, a 6.03% increase from USD 568.36 billion in the same period of 2023. Strengthened by strategic policy measures, enhanced competitiveness, and broader market access, India's export ecosystem is now more resilient and deeply integrated into the global economy.

India's export growth

(Source: <https://www.pib.gov.in/PressNoteDetails.aspx?NotelId=154660>)

India's share in world merchandise exports also improved from 1.66% to 1.81%, with the country advancing in rankings from 20th to 17th position. The feat was achieved as the government implemented several initiatives to sustain and accelerate export growth.

Outlook

Looking ahead, India is expected to maintain its potential real GDP growth of 6.5% YoY from FY26 to FY28, positioning itself as the world's third-largest consumer market by 2026 and the third-largest economy by 2027, trailing only the United States and China. The country's nominal GDP is projected to rise from USD 4 trillion in FY25E to over USD 6 trillion by FY30. India's growth momentum is expected to be driven by a resilient manufacturing sector, stable inflation levels, supportive tax policies, and robust urban consumption. Ongoing infrastructure development and structural economic reforms further strengthen the country's capacity to weather global uncertainties. However, key challenges remain, including the need to generate meaningful employment for a growing workforce, navigate a more challenging global trade landscape, and manage the implications of automation on jobs.

INDIAN MEDIA & ENTERTAINMENT INDUSTRY

India's Media & Entertainment (M&E) sector crossed a significant milestone in CY 2024, touching ₹2,502 billion and registering a 3.3% year-on-year growth. Although this pace was more measured compared to the robust 8.3% growth seen in CY 2023, it marked a complete recovery to pre-pandemic levels. The upturn was powered largely by an 8.1% rise in advertising revenues, with digital platforms continuing to drive the momentum.

For the first time, Digital media surpassed Television to emerge as the largest segment in the Media & Entertainment (M&E) industry. While its pace of growth slowed slightly this year, Digital's clear dominance highlights the evolving preferences of consumers and the deepening adoption of digital platforms across the country.

In contrast, traditional segments, Television, Print, and Radio, continued to grapple with structural headwinds, most notably in subscription revenues. Print remained under pressure, with subdued subscription growth and an overall muted performance. However, premium advertising formats displayed resilience, driven by creative print-led campaigns and a boost from marquee events. At the same time, rising cover prices weighed on subscription volumes in some markets.

Radio stood out as an exception among traditional media, recording positive growth. Increased advertising volumes and a conscious push into alternate revenue streams supported this momentum. The growing popularity of India's live events and concert ecosystem also added to its strength, with Non-Free Commercial Time (NFCT) contributing nearly a fifth of the segment's revenues. Still, the industry has yet to reclaim its pre-pandemic revenue highs.

Overall, even as traditional media weakened, particularly with Television's decline, the M&E sector managed to post moderate growth, underpinned by the steady rise of Digital and the growing appeal of newer, experiential formats. OTT platforms and digital advertising are driving growth, even as traditional segments face challenges. With advertising contributing over half of sector revenues, the industry is undergoing a technology-led transformation, expanding its global presence. Rising ad volumes, evolving consumer preferences, and demand for diverse content continue to fuel momentum, reinforcing the sector's role as both a cultural force and an economic growth driver for India.

Indian Advertising Industry

The Indian advertising industry has grown to an impressive ₹908.6 billion in 2024, reflecting its pivotal role in shaping consumer engagement. Industry experts project this momentum to continue, with the market expected to more than double and touch ₹2.11 trillion by 2033, driven by a robust CAGR of 9.37%. This growth is fuelled by brands increasingly investing in advertising to strengthen their presence, the expansion of diverse media and entertainment platforms, and the surging demand for innovative digital advertising solutions.

Digital Media

In 2024, digital media became the largest segment of India's Media & Entertainment (M&E) sector, surpassing television with revenues of ₹802 billion and a 32% market share, growing 17% year-on-year. Search and social platforms led with 61% of digital revenues, supported by e-commerce integration and premium content. India's 1.1 trillion hours of digital engagement underscored the vast monetization potential of ad-supported content and mobile-native formats. Regional language content drove 48% of OTT production, expanding reach and engagement, while digital news reached 463 million people, nearly one-third of the population, fuelled by Hindi, regional, and hyper-local coverage.

Looking forward, digital media is set to emerge as the first segment in India's media and entertainment sector to cross the ₹1 trillion mark, with revenues expected to reach ₹1.1 trillion by 2027, growing at an impressive 11% CAGR. This growth is being fueled by the widespread adoption of connected TVs, the rapid increase in smartphone usage, and more affordable broadband access, cementing digital media's role at the very core of India's dynamic and evolving content ecosystem.

Digital Advertising

In CY 2024, India's digital advertising landscape demonstrated robust growth, expanding by 17% to reach ₹700 billion. This surge was driven by brands across sectors increasingly shifting larger portions of their marketing budgets to digital channels. A standout contributor to this momentum was the growing participation of small and medium enterprises (SMEs) and long-tail advertisers, who together accounted for ₹258 billion of digital ad spend. Their campaigns were predominantly performance-oriented, focusing on search, social media, and e-commerce platforms, with a sharp eye on ROI and measurable outcomes.

A notable structural shift came from e-commerce platforms, whose share of digital advertising climbed to INR 147 billion, or 21% of total spend, up from 16% in CY 2023. This underscores brands' rising reliance on online retail ecosystems to acquire and engage consumers. Even excluding this e-commerce-driven growth, the broader digital media segment posted solid gains, highlighting resilient demand across channels.

Search and social media platforms continued to dominate, together capturing 69% of total digital ad revenues. At the same time, the ecosystem evolved with greater sophistication, embracing innovative formats such as quizzes, polls, gamified trials, contests, and hyper-local offers. Performance marketing remained at the forefront, while customization emerged as a defining trend. Advertisers increasingly leveraged multi-language creatives and context-aware formats tailored to the content being consumed. Artificial intelligence played a transformative role, enabling granular personalization at scale, across geography, audience segments, and individual user preferences. These advances not only boosted user engagement but also enhanced campaign efficiency and conversion rates.

Looking ahead, India's digital advertising market is projected to grow at an 11% CAGR, reaching ₹957 billion by CY 2027E. Contributions from SMEs and long-tail advertisers are expected to rise to ₹369 billion, supported by a growing base of 1.5 million digital advertisers, platforms like ONDC facilitating access to national markets, improved credit guarantees outlined in the FY 2025-26 Union Budget, and targeted government incentives for MSMEs.

Innovation, hyper-personalization, and regional expansion will continue to shape the sector's trajectory, solidifying digital advertising as a performance-driven, data-led cornerstone of modern marketing in India.

The investigation uncovered fictitious business transactions involving rice trading and IT services, where no actual movement of goods or genuine services took place—circular trading and identical invoices were used to create an illusion of legitimate operations. Financial statements were allegedly manipulated to inflate revenue figures and mislead investors. Additionally, a preferential issue of warrants worth ₹66.44 crore was misused, with funds routed back to entities linked to directors. Off-market share transfers by one of the promoter also raised red flags, as shares were sold in the open market with profits partly funded back to the promoter. KMPs including directors were implicated, along with several conduit entities. In response, SEBI barred all ten promoters including Listed Entity from accessing the securities market. Interim directions remain in place pending further investigation.	The Company had replied to notices / summons received from the SEBI.	As per representation given by the Management of the Company, Company has Filled the appeal in SAT (Security Appellate Tribunal) and SAT has Passed Stay Order.

Independent Auditor's Report

TO THE BOARD OF DIRECTORS

of **Cressanda Railway Solutions Limited**

REPORT ON THE AUDIT OF THE ANNUAL FINANCIAL RESULTS

QUALIFIED OPINION

We have audited the accompanying financial statements of Cressanda Railway Solutions Limited ("the Company"), for the quarter and year ended 31 March 2025, attached herewith, being submitted by the company pursuant to the requirement of regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulation 2015, as amended (Listing Regulations).

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial areas with note therein.

- a. Are presented in accordance with the requirements of regulations 33 of the listing regulations in these regards" and
- b. -give a true and fair view in conformity with the regulation and measurements principal laid down in the applicable Indian Accounting Standard, and other accounting principal accepted in India specified under section 133 of the Act, of the state of affairs (financial position) of the company as at 31st March 2025, and its profit and loss A/c (financial performance including other comprehensive Income), its cash flow except the qualifications.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the financial results.

QUALIFICATIONS

- (1) No proper documents, supporting evidences for the non-current financial asset's loans in note no. 5 of the financial statements Rs 208.91 lacs to draw our opinion on such loans and advances and relevant impact in the profit and loss account and relevant provisioning.
- (2) No proper documents, supporting and evidences for the current financial asset's loans and advance s in note no. 9 of the financial statements Rs 7814.85 lacs to draw our opinion on such loans and advances and relevant impact in the profit and loss account and relevant provisioning
- (3) Some of the trade payables, trade receivables, other financial liabilities, are subject to confirmation and its relevant impact, if any, on the statement of profit & loss account and balance sheet are unascertainable.
- (4) Proceeds of the Right Issue Rs 4106.10 lacs was invested in one subsidiary amounting to Rs 2802.61 lacs and balance are commercially deployed as an unsecured loan. It was clear non-compliance of the letter of offer for utilization of proceeds for the working capital requirements and other general corporate purpose.
- (5) We highlighted a material concern regarding the non-payment of certain statutory dues by the company. As of 31.03.2025, payment for tax Deducted at source (TDS) and Tax Collated at Source (TCS) of Rs. 25.76 Lacs remain outstanding, creating a significant financial obligation. This non-compliance with statutory obligations may have legal and financial repercussions. While management has provided assurances of imminent resolution, the uncertainty surrounding the timing and completeness of these payments poses a risk to the financial statements
- (6) Company is under investigations of Security exchange Board of India (SEBI) and relevant investigations final output is still pending and we are unable to identify the impact on the financial statements.
- (7) During the last quarter, the Work-in-Progress (WIP) stood at Rs. 2,454.66 lakhs. However, in the current quarter, it has been significantly reduced to Rs. 757.58 lakhs, resulting in a reversal of Rs. 1,697.08 lakhs. This adjustment has been made due to the non-performance of the client and the project not meeting its expected milestones and targets.

- (8) We note the company is not maintaining books of accounts in software having Edit Long feature. Absence of an Edit log in the Company's accounting software as prescribed under Rule 3(1) of the Companies (Accounts) Rules, 2014 for the review period, limiting our ability to independently verify changes to financial records. The lack of an edit log poses the lack of robust controls for financial transparency and compliance with statutory provisions of the Companies Act, 2013.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibility for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS Financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of state of affairs (financial position), Profit or loss (financial Performance including other comprehensive income), change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making

judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of the accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and the Board of Directors are responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITY

Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion through a

separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial results made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentations, structure and content of the financial results, including the disclosures, and whether the financial results represent the underlying transaction and events in a manner that achieves fair presentations.
- Materiality is the magnitude at misstatements in the Statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTER

The financial results include the results for the quarter ended March 31, 2025 being the balancing figures between the audited figures in respect of the full financial year and the published unaudited year-to-date figures up to the third quarter of the current financial year which were subject to limited review by us, as required under the Listing Regulations.

Independent Auditor's Report

TO THE BOARD OF DIRECTORS

of Cressanda Railway Solutions Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED ANNUAL FINANCIAL RESULTS

QUALIFIED OPINION

We have audited the accompanying financial statements of Cressanda Railway Solutions Limited ("the Company"), for the quarter and year ended 31st March 2025, attached herewith, being submitted by the company pursuant to the requirement of regulation 33 of SEBI (Listing Obligation and Disclosure Requirements Regulation 2015, as amended (Listing Regulations)). In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial areas with note therein.

- a. Are presented in accordance with the requirements of regulations 33 of the listing regulations in these regards" and
- b. give a true and fair view in conformity with the regulation and measurements principal laid down in the applicable Indian Accounting Standard, and other accounting principal accepted in India specified under section 133 of the Act, of the state of affairs (financial position) of the company as at 31st March 2025, and its profit and loss A/c (financial performance including other comprehensive Income), its cash flow except the qualifications.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the financial results.

AUDIT QUALIFICATIONS

- a) No proper documents, supporting and evidence for the non-current financial asset's loans and advances Rs 208.91 lacs to draw our opinion on such loans and advances and relevant impact in the profit and loss account and relevant provisioning.
- b) No proper documents, supporting and evidence for the current financial asset's loans and advances Rs 7814.85 lacs to draw our opinion on such loans and advances and relevant impact in the profit and loss account and relevant provisioning.
- c) Company is under investigations of Security exchange Board of India (SEBI) and relevant investigations final input and still pending and we are unable to identify the impact on the financial statements.
- d) Some of the trade payables, trade receivables, other financial liabilities, are subject to confirmation and its relevant impact, if any, on the statement of profit & loss account and balance sheet are unascertainable.
- e) Proceeds of the Right Issue Rs 4106.10 lacs was invested in one subsidiary amounting to Rs 2802.61 lacs and balance are commercially deployed as an unsecured loan. It was clear non-compliant of the letter of offer for utilization of proceeds for the working capital requirements and other general corporate purpose.
- f) We highlighted a material concern regarding the non-payment of certain statutory dues by the company. As of 31.03.2025, payment for tax Deducted at source (TDS) and Tax Collated at Source (TCS) of Rs. 25.76 Lacs remain outstanding, creating a significant financial obligation. This non-compliance with statutory obligations may have legal and financial repercussions. While management has provided assurances of imminent resolution, the uncertainty surrounding the timing and completeness of these payments poses a risk to the financial statements
- g) Company is under investigations of Security exchange Board of India (SEBI) and relevant investigations final output still pending and we are unable to identify impact on the financial statement

- h) We note the company is not maintaining books of accounts in software having Edit Long feature. Absence of an Edit log in the Company's accounting software as prescribed under Rule 3(1) of the Companies (Accounts) Rules, 2014 for the review period, limiting our ability to independently verify changes to financial records. The lack of an edit log poses the lack of robust controls for financial transparency and compliance with statutory provisions of the Companies Act, 2013.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibility for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS Financial statements

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of state of affairs (financial position), Profit or loss (financial Performance including other comprehensive income), change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection

and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of the accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and the Board of Directors are responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITY

Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatements whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Acl we are

also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial results made by the Management and Board of Directors

Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentations, structure and content of the financial results, including the disclosures, and whether the financial results represent the underlying transaction and events in a manner that achieves fair presentations.

Materiality is the magnitude at misstatements in the Statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Statement.

We communicate with those charged with governance regarding, among other matters) the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTER

The financial results include the results for the quarter ended March 31, 2025 being the balancing figures between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us, as required under the Listing Regulations.

Through its defined benefit plan, the Company is exposed to a number of risks, the most significant of which are detailed below

- Interest Rate risk:** The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Notes forming part of the Consolidated Financial Statements

for the year ended 31st March, 2025

- 2 Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
- 3 Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.
- 4 Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
- 5 Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts.

33 FINANCIAL RISK MANAGEMENT:

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework

The Company's activities expose it to credit risk, liquidity risk and market risk. This note explains the sources of risks which the entity is exposed to and how it mitigates that risk.

Liquidity risk:

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due

Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings and investments in securities.

Foreign currency risk

The Company is exposed to insignificant foreign exchange risk as at the respective reporting dates.

Credit Risk

Credit risk is the risk of financial loss to the Company that a customer or counter party to a financial instrument fails to meet its obligations. The Company is exposed to credit risk from its investing activities, including deposits with banks.

Trade and other receivables:

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. To manage credit risk, the Company periodically assesses the financial reliability of the customer, taking into account the financial condition, current economic trends, and analysis of historical bad debts and aging of accounts receivables. Outstanding customer receivables are regularly monitored to make an assessment of recoverability. Receivables are provided as doubtful / written off, when there is no reasonable expectation of recovery. Where receivables have been provided / written off, the Company continues regular follow-up, engage with the customers, legal options / any other remedies available with the objective of recovering these outstandings.

Cash and cash equivalents and other investments

The Company is exposed to counter party risk relating to medium term deposits with banks. The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.
